

Replacement Feet and Risers For Collins S-Line Equipment

Replace broken and missing feet and front risers on your Collins S-Line equipment. Also works on KWM-2 and KWM-2A equipment. Kit consists of 2 new risers, 4 replacement feet, 2 "short" 6-32 machine screws, and 2 "long" 6-32 machine screws. The risers are molded using resin and are not made from metal like the originals. However, the appearance of the risers is exactly the same as with the originals. For the "time being", only complete kits will be offered. Possibly, at a later time, the various components will be made available on an individual basis. Please do not contact Z Communications Company about this. An announcement will be made on the various E-Mail reflectors when individual components are available.

Price for each kit is \$19.95 (US).

Shipping and handling per kit is as follows:

United States: \$2.00

Canada: \$5.00 (US)

Foreign: Contact Z Communications at zcomco@sbcglobal.net (this is NOT a "clickable" link) for shipping and handling.

Texas residents must add 8.25% sales tax (\$1.65 per kit making total of \$21.60 per kit plus shipping and handling).
